Bridge Brunch For Republicans

A brunch for bridge devotees and game-watchers is being planned for September 30 at the Sierra Madre Woman's Clubhouse by the Sierra Madre Republican Club to raise funds to support the local General Election campaign.

Interested players are invited to attend and bring their own foursomes. Playing will start at 10 a.m. and continue as long as each set of players wishes to play. Non-players also are invited to watch the fun and help swell the coffers of the club.

Mrs. William H. Coulson Jr. is in charge of the arrangements for the brunch, assisted by Mrs. Carl Cheadle and Mrs. Nathaniel Van De Verg.

Reservations for the event may be made at Republican Headquarters, Sierra Madre Hotel.

Care for veterans is an Anglo-American tradition dating from 1593.

During 1967, more than a million veterans applied for VA medical care, 20,000 more than in the previous year.

Scott-Anthony Wedding Vows Recited In Sierra Madre Saturday, August 31

MR. AND MRS. PAUL ANTHONY
...nee Barbara Scott

Yellow and white flowers against a background of green decorated the elms shaded patio of the bridegroom's boyhood home, where, on August 31 the former Barbara Scott of Arlington, Virginia, was married to Paul Anthony of Sierra Madre.

Rev. Richard J. Anderson of the Sierra Madre Congregational Church officiated at the intimate twilight ceremony, witnessed by 50 close friends and family members.

On the arm of her U.S. Army uniformed father, the bride approached the lattice summerhouse altar wearing a simply designed hand-made street length dress of pale yellow lace over silk with matching headpiece and short illusion veil, carrying a nosegay of white carnations. The young couple's only attendants were Ann and David Giraldo of Travis AFB. Ann wore a dress of pale blue chiffon over yellow silk with matching headpiece, and carried a nosegay of yellow carnations. The bridegroom and his best man both wore

The following patio reception was held under a canopy of pin-point lights sparkling in the tree overhead. Table appointments carried out the color theme of yellow, white and green.

Barbara is the daughter of Robert and Evelyn Scott of Arlington, Virginia, who flew from the East for the wedding. Paul is the son of Lester and Margaret Anthony, 248 San Gabriel Court, longtime Sierra Madre residents.

After a brief Southern California honeymoon, the couple will make their home near Travis AFB, where the bridegroom is stationed.

Delta Zeta Group Hold Potluck

Kappa Delta Alumni Meets

The members of the Pasadena Alumnae Association of Kappa Delta will hold their first meeting of the coming year at the home of Mrs. Louis Curtis, 1380 Garfield Ave., San Marino, on Tuesday evening, September 17.

In the absence of the president, Mrs. David Small, first vice president, will be welcoming new members and conducting the business meeting to formulate final plans for the forth coming year's activities.

Dessert will be served at 7:30 p.m. Mrs. Robert Beck, South Pasadena, will be in charge of the refreshment committee. She will be assisted by Miss Mary Elizabeth Kauffman, Alhambra; Mrs. Leighton Tuck, Pasadena, and Mrs. William Wiesner, Arcadia.

The William Treder family spent a different summer from the usual one of vacationing together. This year, son Bob spent the summer on a salmon fishing boat out of Kitchikan, Alaska. Son, Jon, spent the month of August on an island off British Columbia. Son, Bill, flew to Indiana to attend a week's convention of his fraternity. Bill, Virginia and daughter, Kerry toured the scenic Oregon Coast for three weeks. In addition to the beautiful scenery, they enjoyed clamming, crabbing, salmon fishing and a 68 mile boat trip up the Rogue River. On their way home, they stopped at June Lake in the High Sierras for a few days of fishing, catching their daily limits of trout.

When school resumes, Bill, Jr. will return to Cal Poly at San Luis Obispo for his senior year and Bob to Humboldt State at Arcata as a junior.

Villa Views by Toni

had lots of news to tell the earth-bound people.

Included on the guest list were Warren and Nita Bacon, Phil and Lesley Shepherd, Joe and Sue Cummings, Gordon and Barbara Hyde, Jennings and Nita David, Ed and Flo Barnes, Marge Bandy, Tresa Sanders, Bill and Peggy Lansill, John and Aleene Hedrick, Ed and Marguerite Specht, Charles and Chrys Goldsworthy, Howard and Alice Morgridge, Jack and Marguerite Horne, Delores Zinsmeyer, Chuck and Louise Day, Jack and Duke Baker, Harold and Cee Sweet, Dick and Ingrid Fowler, Ernie and myself, and Ken and Peg Christianson who were unable to come as they took their son Kip up to school.

Speaking of those Europe bound travelers, Warren and Nita Bacon had the opportunity to exchange their home for a flat in London for the summer. The flat turned out to be perfectly lovely and absolutely huge, well able to accommodate all of those that joined on the trip. They all went over on different charters, some overlapping the others. Nita went over early with her daughter, Leanne Cunningham, Tresa Sanders, Janet Hedrick, and Jennifer, her other daughter, and Trudy Sanders. On a later charter Warren came over for a month, and still another charter Mrs. Phil (Lesley) Shepherd went over as well as Diane Zinsmeyer and her mother DeLores.

The early party did quite a bit of touring around Germany but by the time the second and third parties arrived they confined themselves to touring around England and really learning about the country. Of course they thoroughly acquainted themselves with London and the surrounding area. Their visit to Bath was just charming. They found an old bed and

breakfast inn which was a mansion built in the 1800's. It had been turned into the "Snow White Guest House" and the rooms were all appropriately named such as "Grumpy." From there they were able to visit some of Lesley's relatives and also to take the Green Line Bus to some of the tiny surrounding villages that the average tourist has no opportunity of seeing.

Their experiences were too numerous to mention other than highlighting some of them. They visited a place in Bristol where they restored old paintings and were able to watch as the artist restored a painting worth \$100,000. They joined the British Ramblers for two days and walked in the country side with them through the heather and villages on 11 and 12 mile tours, they visited two zoos, went through the new forest in South Hampton where Cornwall used to hunt, they went to antique auctions, took a boat to Hampton Court.

In other words they saw the country as one might dream of doing but never have the opportunity unless one was a permanent resident overseas.

Lesson-Srmon

September 22
This week's Lesson-Sermon in all Christian Science churches is titled "Matter." One of the selections from the Bible is this verse from Zechariah: "Be silent, O all flesh, before the Lord; for he is raised up out of his holy habitation."

Also included are passages from the denominational textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, among them the following: "The understanding, even in a degree, of the divine All-power, destroys fear, and plants the feet in the truth path—the path which leads to the house built without hands 'eternal in the heavens'."

Members of the community are invited to attend.

The group of young people formerly known as Junior Historical Society met at the Vieira home, 487 Woodland Dr., Saturday afternoon. Their interest is not confined to local landmarks, but covering all of California. Each member takes up a special feature, collecting pictures and where possible make strip films. There were 11 members present. Chocolate brownies and iced orange juice were served. The club is in no way connected with the Senior Historical Society of Sierra Madre.

Birthday greetings — a bit premature perhaps — to Mr. Cecil Shepard who will celebrate a birthday this coming Sunday, September 22. His ever-lovin' has planned a dinner party with close friends and family. Sounds most enjoyable.

Senior Citizens

Minette Ring gave a report of a meeting held in Arcadia. The county park has been the gathering place of undesirable young people, and the churches, schools, business people and representatives of all local groups were present. It was a discussion meeting; most all cities in the nation are faced with the same problems. It seems that the police are unable to make arrests and have convictions unless they are buyers of narcotics, and there are so many miserable men selling all kinds of dope, and sometimes they have their own or other young children helping distribute & collect.

One of the things brought out was that most parents had no idea what their children were doing and more parents should concern themselves with the problems. We, here in Sierra Madre are having the same sad kind of infiltration of undesirables and threats to life and property.

All agreed that Arcadia is to be congratulated that their citizens are alerted and hope some good will come of their efforts. After the meeting the group adjourned for games.

Artists

More than 450 Southland artists will participate in the 24th annual Pasadena Outdoor Art Fair which opens Friday, September 20, at noon in the City Hall Plaza, Garfield Ave. at Holly St. The fair will be open from noon to 10 p.m. Friday, 9 a.m. to 10 p.m. Saturday, and 1 to 8 p.m. Sunday.

Faith Lutheran On Fall Schedule

The fall and winter schedule for Faith Lutheran Church, 845 Hastings Ranch Drive, Pasadena, will begin this Sunday. Sunday school and Bible classes for all ages will be held at 9:15 with the regular Sunday morning worship being held at 10:30. The Gospel lesson for the day, a portion of Christ's Sermon on the Mount, will serve as a prelude for the Rev. Armin Hesse's address, "A Psalm About Money," based upon Psalm 49. He states that "This is a Korahite Psalm which discusses the problem of wealth and its influence upon the character, course, and destiny of people."

Confirmation classes for the seventh and eighth grade students will begin during the 9:15 Sunday school and Bible class hour. This two-year course culminates in the confirmation of the eighth grade students on Palm Sunday.

Other activities for the week include a youth beach party on Sunday afternoon, Sunday school staff meeting at 7:30 on Tuesday evening, Voter's assembly on Wednesday at 7:30, Senior Choir at 8 on Thursday evening, and Friday evening will see a presentation on narcotics by the Pasadena Police Department. Discussion and refreshments will follow the 8 presentation.

Congregational Terminates From United Church

Sierra Madre Congregational Church has, this week, terminated its membership in the United Church of Christ. The official letter of resignation was sent following unanimous action of the executive council of the Sierra Madre Church at its August meeting. The feeling expressed by the majority was that the historical tenets of Congregationalism can best be preserved and encouraged by maintaining greater autonomy in the local congregation.

Originally a member of the Congregational Christian Church, the Sierra Madre Congregational Church joined the United States of Christ in 1958 when that denomination was formed by the merger of the Congregational Christian Church and the Evangelical and Reformed Church. Last November, following a comprehensive six month study of the pros and cons of United Church of Christ membership, the congregation voted, overwhelmingly, to authorize its board of trustees and executive council to proceed with the necessary steps to sever the church's association with the United Church of Christ.

Author, Dr. Max M. Morrison To Be Speaker

Dr. Max M. Morrison will be guest speaker at The Santa Anita Church, 226 W. Colorado Blvd., Arcadia, on September 22 at 11 a.m. Dr. Morrison was for many years minister of the Westminster Presbyterian Church in Pasadena and is the author of many fine articles and a best seller, "Never Lose Heart." Many of his friends in this area will welcome the opportunity to hear this fine speaker. Infant and child care is provided during the service.

Classes from pre-school through high school attend graded classes after a 15 minute sermon held in the sanctuary. High school youths and young adults hold their meetings on the first and third Sundays of each month at 7:30 p.m.

There is a weekly meeting of the women of the church held at 11 a.m. on Thursdays. September 19, Lucille DeMersheim will be the guest teacher. There is a time for prayer requests. "Stay after the meeting and join in the activity after the class," invites Rev. Stevens.

Rev. Stevens also reminds: Dial-For-Prayer, 447-6162 and Youth Tele-Truth, 446-2333.

Sermon Title: 'Guilt and God'

The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., sermon title for Sunday 11 a.m. is "Guilt and God." The text is I John 1:9, "If we confess our sins he is faithful and just to forgive us our sins and to cleanse us from all unrighteousness."

Guilt is a common experience for all of us. Often it hits harder than we anticipate. It's easy when we have a clear conscience to "pooh pooh" the possibility of guilt. But guilt hits hard! It often knocks the wind out of you and leaves you confused and hurting deep inside. Guilt can run you down like a giant truck and leave you broken and bleeding on the highway of life.

How do Christians handle guilt? What does the Bible say about guilt? Is there healing and relief from these internal wounds? The Bible says an emphatic "yes." In fact the central message of Jesus was the message of healing for the broken lives of men and women crushed by the weight of guilt. Worship this Sunday and discover the practical reality of the message of Christ in your own life.

Bethany Church Guest Speaker

Joseph Bayly, author and editor, will speak at Bethany Church of Sierra Madre on September 22 with a special session for youth at 5:30, the evening service at 7 and a session for parents of teenagers at 8:30. Best known for his book "The Gospel Blimp," Bayly is managing editor of David C. Cook Publishing Company, largest independent publisher of Sunday school materials in the world. He is also consulting editor of "Eternity" and "His" magazines, with a monthly column "Out of My Mind," in the former.

A past president of Evangelical Press Association (service organization of 150 Protestant periodicals), Bayly serves on the boards of Christian Service Brigade, National Association of Christian Schools (of which he is president), Neighborhood Bible Studies, and Bedford Center for Creative Study. He is a member of the general councils of Latin America Mission and IVCF, and serves on committees of Evangelical Literature Overseas and Christian Mission to Deaf Africans. This year he is a guest lecturer at Judson College, Elgin, Illinois.

Mr. and Mrs. Bayly and their four children live near Bartlett, Illinois.

Kevin Shannon celebrated his 8th birthday on Tuesday, September 17 while his brother, Gerald celebrated his ninth birthday yesterday, Wednesday, September 18. They are the sons of Daniel P. and Patricia Shannon of Canon Avenue. Happy birthdays, boys! And many more.

Letters To the Editor

Dear Editor:

Now how about the population explosion? America's birth rate is sagging! Lowest since the all-time low of 1935. It is expected to go lower. White women are not having as many babies as nonwhite women. The index for white and nonwhite: 1935, 73.3 — 95.9; 1957, 117.7 — 163; 1968 (est.), 77 — 115. Illegitimate births are booming. From 1946 to 1966 white illegitimate births more than doubled, with a rate of 4.4 per cent. The latest report, 1966, shows that of all nonwhite births in the nation 27.7 per cent were illegitimate. Incredible! It's right here in the tables... U. S. News and World Report. Source: U.S. Dept. of Health, Education and Welfare.

If the nonwhite births continue to be so very much higher than the white, and if the death rates of the white and nonwhite should be about the same, and if the difference is not offset by white immigrants, wonder how long it will be until the white race will be in the minority in the U.S.A.

Eventually perhaps there won't be a Caucasian race. Not even a Negro or Oriental race. One integrated race, one world, one government, one language. And the people? With all that mixture what would they look like? Redheads and blondes would have to leave their mark. The skin could be a pretty cream to a warm suntan. Hair from a copper, bronze, reddish gold to black. Slightly slanting eyes. Could be handsome rascals.

Of course it depends on whether or not this planet continues to be populated. Right now it's doubtful.
—Lillian B. Sage

Interesting Winter?

Classroom doors may now be swinging wide on a new school year in which the rough stuff is not restricted to the gridiron.

According to a study conducted by the Lemburg Center at Brandeis University, endowed to research the causes of violence in American life, there will be widespread violence this year in "schools everywhere, both at the college and pre-college level."

Behind this ominous forecast is the growing record of recent campus turmoil. The number of all civil disorders involving schools is up from 17 percent last year to 44 percent this year, and the national student association says there were at least 221 major college campus demonstrations just in the first six months of 1968.

NSA cited many political reasons for the demonstrations.

The Lemburg Center attributed the unrest to students' desire for excitement, specific grievances on education and facilities, and to "rising antagonism between white and black students." It laid no blame to breakdowns in parental responsibility, to any of the specifics of the age of permissiveness, or to deliberate political agitation.

If still more violence is on the way, Dr. Grayson Kirk may have retreated unnecessarily from the presidency of Columbia University. After saying categorically that he would not retire before age 65, despite the "Kirk must go" rebellion of last spring, he did—at age 64.

Saying he was stepping down "to insure the prospect of more normal operations" in the new academic year, Kirk will be succeeded by a 67-year-old acting president whose appointment was immediately branded "an affront" by the school's anti-authoritarian New Left extremists.

Predictably, more troubles are expected soon at Columbia.

Meanwhile, education troubles of a different sort are brewing at a lower level in New York City, where the Board of Education has proposed a plan to decentralize some authority over teacher hiring, tenure, curriculum, and funds, by investing limited powers in the city's 30 local school boards and three experimental school districts.

Several Black Power groups have been threatening violence unless they obtained complete local control. This has caused fear among many white teachers and administrators for their jobs, their careers, even their personal safety.

The Board's compromise proposal has become both a hot potato and an embarrassment to the militant AFL-CIO American Federation of Teachers. Once hard liners on civil rights, they are now apparently fearful of local school board power and have refused to endorse community control, to the anger of many of their own Negro members.

Ultimately the decentralization move may satisfy everybody or nobody—but it looks like an interesting winter for U.S. education.

Constitution Week

September 17 through 23, Constitution Week, will be a good time for all Americans to ponder some things too many among us have lost sight of. Unalienable rights, for example.

Some have forgotten that those rights are unalienable for everyone, whether his grandfather was a slave, a robber baron, a businessman, a laborer. Some of those who feel they have been deprived of those rights now seem to feel that others should be deprived of them, too, in retaliation.

The Constitution was not written as a guarantee of success for everyone. It is a guarantee of the right to strive for success on equal terms under the law. As Governor Reagan has put it, the basic law offers "equal opportunity at the starting line in life, but no compulsory tie at the finish." Government, society, each individual, must do all they can to fortify the basic rights of mankind. After that, it is pretty much up to us.

Taxes and Prices

Taxes have become a major factor in the rising cost of living for all of us. Also, the effect of taxes on the prices of everything we buy should not be forgotten. Taxes are in the price of breakfast food and bathing suits, automobiles and homes, and they are a big part of the price of the gasoline that goes into the family car. Indeed, nowhere is the effect of taxes on retail prices more clearly evident than at the local service station where the cost of the gasoline, as well as the tax you pay on it, is clearly shown on every pump.

Over the past 10 years, the price of gasoline has increased only 2 per cent while state and federal taxes on it have gone up 20 per cent, surpassing the general rise of inflation in the country. In the same 10 year period, general price levels increased by 18.5 per cent. Gas taxes now average nearly 11 cents a gallon, and taxes on oil products brought some \$8 billion into state and federal treasuries in 1966.

Oil companies serve as tax collectors performing most of the accounting functions which otherwise would have to be handled by various levels of government receiving a cut of the tax. The gas tax costs government little to collect due to the cooperation of the oil industry. In Pennsylvania, for example, it currently costs the state about \$1 million to collect \$300 million a year in motor fuel taxes.

Gasoline prices will have to go up if the petroleum industry is to have the resources to pursue the intensive exploration and development work now required to find new reserves and guarantee future oil supplies. When government criticizes price increases, it should be remembered that the price of gasoline has not kept pace with inflation, and that in the case of this particular product, taxes have accounted for most of the increases in price.

Away We Grow!

If you get the feeling there are more people around these days, you're right.

The Department of Finance has figured out that during the last year, California's population has increased by 477,000, bringing it up to 19,662,000. And if you think that makes things a little crowded, consider the fact that the prediction is for a 20 million total by next July 1.

But don't stop there. At the current rate, our population will double by the year 2000, reaching an amazing total of 38,571,000. It'll be 26 million-plus by 1980.

There's some comfort for the fellows, however. As of now there are 620,000 more women than men in California. Or is that comforting? (Yes, dear, it is!)

FREEDOM AT ANY PRICE

by
DR. HENRY V. WITTY

Editor's Note: While Dr. Henry V. Witty is on vacation we will present several guest columnist's viewpoints on various affairs for which this newspaper takes responsibility.

Though the Johnson administration is trying to smear Senate opponents to the nomination of Abe Fortas as Chief Justice, the movement to block the nomination is gaining strength. Already, President Johnson has failed in his initial objective of forcing the nomination through virtually without consideration.

Certainly, the Johnson administration made a serious tactical error when Atty. Gen. Ramsey Clark attacked the sincerity of Senators opposing the Fortas nomination. He said that the opposition consisted of Senators who oppose "equal rights." Immediately, Senators from many parts of the country replied to Mr. Clark's crude attempt to drag a red herring across the issue. Senator James B. Pearson of Kansas called Clark's allegations "unfair and unworthy . . . press relations blackmail, and attack on the integrity of the Senate." It is indeed unfortunate that Mr. Clark would attempt this kind of political hatchet work instead of busying himself with prosecuting anarchists and other law-breakers now troubling the nation.

Whereas Senate consideration of the Fortas nomination began with a discussion of the propriety of cronyism, the opposition to the elevation of Mr. Fortas has broadened considerably. Sen. Strom Thurmond of South Carolina brought to the attention of the Senate the role of Associate Justice Fortas in decisions in obscenity cases. Sen. Jack Miller of Iowa, in joining the opposition to the Fortas nomination, asserted that Mr. Fortas had participated in court decisions on obscenity which Miller said are destructive of moral standards. One of the decisions Sen. Miller cited overturned a lower federal court ruling that three striptease films were hard-core pornography.

Certainly, if Mr. Fortas is soft on the pornography question, he is unfit to serve as Chief Justice, in fact,

even as Associate Justice. It reaches great numbers of young people and exposes them to a corrupting influence.

The Communists are said to be shipping large quantities of pornography into the United States in an effort to undermine the moral standards of America's young people.

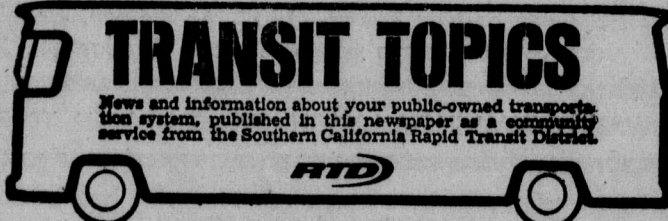

The smut peddlers have been able to get away with their vicious trade because the U.S. Supreme Court has declined to uphold moral standards. It has tortured fine points of law to give pornographers the benefit of the doubt. It would be tragic if the next Chief Justice were a man who found some pseudo-sophisticated reason for allowing smut peddlers to continue their traffic in moral corruption.

That is not the only reason why Mr. Fortas' nomination is being so strongly opposed. He also is displaying a devious character of mind in connection with his nomination. When he appeared before the Senate Judiciary Committee, he refused to discuss court decisions in which he had taken part or to discuss the legal philosophy that lay behind his rulings. He said it would be unconstitutional and improper for him to explain himself. But it has come to light that he recently wrote a booklet entitled "Concerning Dissent and Civil Disobedience." He is perfectly willing to write a tract for the times touching on issues that will come before him on the Supreme Court, but refuses to answer questions put by a coordinate branch of the U.S. government.

Benjamin Ginzburg, former research director of the Senate Subcommittee on Constitutional Rights and assistant editor of the Encyclopedia of Social Sciences, has made this telling comment on Justice Fortas' tract:

"Had Fortas published his pamphlet before he was nominated and confirmed as Associate Justice, I believe there would have been proper grounds for disqualifying him for membership in the Supreme Court. . . . Litigants will cite Fortas' doctrines in their briefs and oral hearings. What is perhaps more important, the attitude

The good folks down at RTD have been busier than a one-armed paper hanger with the hives these days, and here's why. Beginning September 8 and continuing through November, more than 100 new miles of bus routes will be added. Nine brand new lines will be started and 17 line extensions and service improvements will be added. In addition to a new local line in El Segundo, starting September 9th, several important lines will begin September 15.

A new direct service between Watts and other South Central Los Angeles areas to Beverly Hills and Pacific Palisades will cut as much as 45 minutes from the old travel times; not to mention the transfers involved.

Ramona Gardens will get new service to General Hospital and connecting lines.

The San Fernando-UCLA line 88 will be extended to connect Van Nuys with Los Angeles International Airport.

Last, but not least, the 89 line will be extended beyond Venice and Fairfax to a new loop at Adams and Washington Boulevard. As I mentioned earlier, these lines and changes have different starting dates, so I will be going into detail in future columns.

It's that time of the year again, school is starting and it's time to have junior buy his student I.D. card for reduced fare on the RTD buses. This can be a big savings to the family bank roll, so don't overlook it.

The Rapid Transit Design Car will be at Gate "G" at the County Fair. If you haven't seen it, be sure to take the time. I will be on the car Saturday and Sunday, September 14 and 15, if you would like to see who writes the stuff you're reading.

Q. Can I get to the County Fair from Covina? I know I can catch the 53 bus to Pomona, but how do I get out to the Fair Grounds? Mr. A. H.

A. RTD operates a shuttle bus from the downtown terminal to the Fair Grounds.

Q. I missed the Transit Car at Eastland. Where can I see it? P.K.

A. It will be at the Los Angeles County Fair Gate "G" from September 13th through the 17th.

Q. I will be attending USC this fall and I live in Baldwin Park. Can I get there by bus and if so, how long does it take? Mr. B.J.

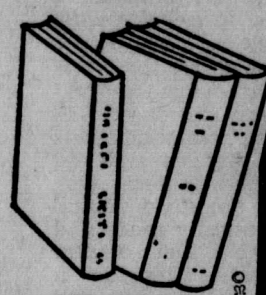

A. Yes, you can go by bus in about an hour and 25 minutes, one way. Take the 53 line in Baldwin Park to 6th and Spring and change to the 9 line to USC.

Q. Some friends of ours recently moved to Laguna Leisure World. They will bring us home to Alhambra if we can get down there. Is it possible by bus? Mrs. M.W.

A. Yes. Take the 52 line to 6th and Spring. Walk to the terminal at 6th and Los Angeles Streets and catch the 58 line to Santa Ana station. change to the 45 line on to Leisure World. I'll send you timetables and a map.

Send your questions to Artie Dee, Transportation Editor, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

then ran into the front of Bud's TV Shop, doing major damage to the front of the building, where it came to rest.
The 1965 VW dune buggy was legally parked in front of 53 N. Baldwin and as a result of the accident received major damage to the rear and front end. Passenger in the dune buggy, James Joseph Dunleavy, 25, who resides at 257 N. Baldwin was taken to Ht. Luke Hospital with injuries sustained in the collision.
Officer William Kent, at the scene of the accident, observed the suspect's speech was quite slurred and asked him if he had been drinking, to which the suspect answered in the affirmative. However, it was noted at the time that there was no odor of alcohol on the suspect's breath, but

Officer Kent did note that Carney's pupils were contracted to pin points and his eyes were watery and bloodshot. Not being able to stand or walk without support, Carney was also taken to St. Luke Hospital for observation.
After being checked by the medical doctor in attendance and found to have sustained no injuries other than an abrasion on his chin, Carney was released and returned to the Sierra Madre Police Station where he was booked. During the booking procedure Officer Kent noted an infected area on the inside of the suspect's left arm at the elbow and asked him how it came to be infected. The suspect indicated that it was "from shooting Meth." When queried as to how long it had been since he had a shot of "Meth" the answer was, "not since February."

Now, good people of Sierra Madre, what are we going to do about increasing incidents such as this? Our police department knows the dangers of this problem and is doing everything in its power to fight it. Let's join them and do everything in our power to help. As parents and interested citizens, be present at the Council meeting of September 24, when Mayor Rule promised to put this on the agenda for a possible future meeting of the people of Sierra Madre.

Council Approves Civic Center Site

ing system, to make recommendations on making improvements and refinements to the Park to coincide with Civic Center construction and to investigate the questions of an emergency operating center and the desirability of a community cultural building as well as other related matters pertaining to the Civic Center.
The community needs and deserve a Civic Center facility which can be a source of satisfaction and pride to all members of the community as well as provide a permanent and functional home for city services. The City Council expects effort and advice from the committee with regard to making this goal a reality.

The committee will hold regular meetings at least once a month and may hold more as indicated. The committee should elect a chairman to serve as spokesman for the group. Minutes of committee meetings will be kept and filed in City Hall. Reports and recommendations of the committee will be made to the City Council or indicated in the form of committee meeting minutes supplemented by staff and architect reports. Members missing two consecutive meetings without excused absence shall automatically vacate and terminate their committee membership.

To assist the committee in becoming oriented to the task at hand, a tour of various civic center facilities can be arranged at an early date. The City Administration

swimming around for a few laps.

Both of the Reileys are sports minded and bowl once a week in a husband-wife bowling league. Phillia, when not busy with her full-time job as a lab technician for a doctor in Arcadia, or household duties, paints portraits. She is an extremely talented artist and comes by it naturally—listing an uncle and a grandfather as professional artists.

As of September 15, Ed Reiley will fill the newly-created position—Investigator for the Department. He has many qualifications, both personal and academic, which make him a fine choice for the position which requires that he work in plain clothes. Among the academic qualifications are his attendance of several seminars sponsored by Cal State — Homicide, Admissibility of Evidence, Narcotics, and Vice. In addition, Ed is presently attending PCC working towards a Law Degree. Among his personal qualifications should be included his diplomacy, his unflinching interest in all around him, his ability to do a good job and to see it through. In his new position as Investigator for the Department, he will be responsible for investigating and handling all follow-up reports on cases, criminal complaints, court matters, crime lab, and background investigation of new personnel. Since this is a newly-created position, there are no precedents to follow. Ed will set up the routine and procedures as needed and change them as needed.

The new job will be a challenge, but once you have met Officer Edward F. Reiley, Jr., you know he will be able to meet the challenge and turn in a fine performance doing it. Good Luck and congratulations, Ed!

As Ives Sees It

LITTLE THIS-N-THAT BOOSTER CLUBS at PHS, Muir and PCC are all getting active. If you have youngsters at any of the schools, or if you are just plain community minded, why not join one of these groups and have a ball?

MRS. W. R. OLWIN at 3780 Fairmeade Rd. in Pasadena, is secretary for the PHS group and will accept any donation from \$1.50 to \$15.00.

THE LANCERS have a new crackerjack sports publicist in Ron Shaffer, who comes to Pasadena from guess where — Riverside. Yep, it's the Tarkanian influence. Ron is a sharp lad and will keep the Lancers on the sports pages while he attends USC for his graduate work.

BILL SHARMAN'S Stars are working out twice a day at the new Occidental gymnasium. The evening session (5 to 7:30) is open to the public and is 90 per cent scrimmage. Sharmen is getting more optimistic each day over his club's chances in the coming ABA race. Bill tabs the Oakland Oaks with Rick Barry and Doug Moe as the team to beat in the Western Division but envisions the Stars battling for the top spot. Minneapolis (transferred from Pittsburgh where the won the ABA title in 1967-68) is Sharmen's pick for the Eastern Division champ.

PAPPY HAWKINS has completed last year's Jr. Rose Bowl film and the Pasadena Jaycees had a sneak preview last week. Service clubs can reserve the film by calling SY 2-5146.

THE LOS ANGELES STARS played it smart when they built their entire basketball schedule

PEPPER RENSHAW, who made the J.C. Grid-Wire All-American specialist team last year as a kick runback expert for the Lancers, is now at Cal St. Long Beach.

DAVE BUCHANAN is a flanker at Arizona State where FAIR HOOKER is considered to be the top split-end.

GUESS WHAT? IT'S TIME for fearless Hankus and his peerless pigskin prognostications. Forget the baseball season and the California and Cincinnati picks. Shucks anyone could have tabbed Detroit and St. Louis (and been right). Press on to the future. Each week the top games in the country and the local contests will be forecast by the fearless one. No patsies in the crowd.

USC'S TROJANS to open the '68 campaign with a narrow victory over Minnesota who will come close to an upset... UCLA to bounce Pittsburgh by two TDs... STANFORD will swarm over San Jose State... WASHINGTON will dump Rice easily... OREGON STATE will triumph over Iowa but it may be close... OREGON to slip past Colorado... CALIFORNIA to make it a clean sweep for the Pacific-8 by edging Michigan as WASHINGTON STATE dumps Idaho.

GEORGIA TECH to sneak one over on TCU... ILLINOIS to edge Kansas... MISSOURI to upset Kentucky... LSU over Texas A & M but only because of home field advantage... MICHIGAN STATE to knock off Syracuse... MIAMI FLA. over Northwestern... PENN STATE over Navy.

PASADENA HIGH to slip past St. Francis in a ding-dong battle Friday night in the Rose Bowl... MUIR to bring back a victory from San Bernardino where they play Pacific Friday night... BLAIR to edge Monrovia Friday night at Horrell Field.

THE RAMS should have little trouble with the Pittsburgh Steelers... SAN DIEGO to edge Houston. That's it for this week, folks. No limb crawlers this time.

FLASHBACK A YEAR... Earl Wilson won his 21st game for the Tigers... Lions tied Green Bay 17-17 in Joe Schmidt's coaching debut... Oscar Bonavena of Argentina decked Karl Mildenberger four times in 12-round heavyweight elimination bout at Frankfurt, Germany... Denis Hulme won the second leg of Canadian-American Challenge Cup series with a 109.13 miles per hour average at Bridgehampton, N.Y... Gary Beban led UCLA to a thrilling 20-16 win over Tennessee... Former JRB hero Ines Perez led SMU to 20-17 upset of Texas A & M on national TV with scoring TD pass in final four seconds... Reserve fullback Dan Scott scored three times in 49-0 Trojan rout of Washington State.

From the

FIRE SIDE

By One of the Boys

A lot of activity last week, records shattered, and long faces. Mike Tyler made a run with 424 in 1 minute 15 seconds and this shot the record of Evans and Graves right down the tubes. Mike really didn't want to do it either, but he was forced to do it.

— SMVFD —
You see Mike was on standby all by his lonesome from a call at 6:20, when the 6:59 call came in. He did everything legal too. . . . He waited patiently for a shotgun rider before he pulled out, but pull out he did and from the time of the alarm until he reported at the scene of the fire ONE MINUTE and 15 seconds.

— SMVFD —
Lee Graves spent Monday evening soliciting at the Bottle Shop, Buccaneer, Don Jacksons, all across the street from the fire station, suggesting to them. . . . Should they have a fire, don't do it until after five o'clock. . . . He would be home then and so would Evans. He definitely feels that he can get the "Brownie Button" back again.

— SMVFD —
I really feel sorry for poor Mike, he is such a good natured guy, wants to please everyone and have everyone for a friend; but he just had to make the run, and the Engine just wouldn't run any slower.

— SMVFD —
Of course the whole thing started on Sunday; that was the day that Jim Merrill was in town. Seems there was a fire in the trash bins at Roess Market. Evans took the call from the Police Station, he took the Engine to Roess, but the firefighters were told that the fire was at Roberts. . . . So you see we had firefighters and police cars going one way and Evans-Graves and Engine 424 going the other direction. . . . They all finally got together, though, but the neighbor behind Roess had put out the fire.

— SMVFD —
Of course the real "lulu" came Monday morning at 8:55. From all the smoke, everyone thought the Canyon was going up. Fire Prevention was called the same day at 5:25, the alarm sounded again at 6:20 and just to give the boys a good thrill, it hit the airwaves again at 6:59. At this point some of the boys almost decided to spend the night at the station, but gave up around 8:30 and went home.

happened to be down at the city dump on the 8:55 call; you see he is moving in a few days and I haven't found out if he was down there discarding or trying to pick up a little something for future furnishings.

— SMVFD —
Anyway, I understand that he was a little unhappy about the situation, in fact he was so unhappy that later on in the day he, by some hook or crook, got mixed up with Los Angeles City Fire Department on a fire along the freeway. We are anxiously awaiting a letter from them, either of condemnation or congratulations. . . . Anyway, I am sure, bet the Chief will be happy to learn of our "Mutual Aid" to Los Angeles. We are immediately putting this to the credit of Sierra Madre for future needed assistance.

— SMVFD —
Just so the day is finished off in style. Maurer, you know the one that was "Elfie" at Christmastime, and is scheduled for a redo. . . . You see Maurer bailed out of his home in Covina with the first alarm Monday evening at 6:20. The second alarm sounded at 6:59, but no Maurer. Around 8 o'clock, that's one hour and 20 minutes after the first alarm, Firefighter Evans called the Maurer home, wife Mary told Evans. . . . "Oh yes, George tore out of here with the alarm."

— SMVFD —
Now the way the story goes, as I am told, and I do believe certain members of the Sierra Madre Firefighters. Around 8:30 some of the boys began to worry. Maurer had not shown and it was now 2 hours and 10 minutes, and all of them know it is but 15 minutes from Covina. . . . Maurer had made it many, many times.

Well, to make a long yarn shorter, Firefighters Evans called the Maurer home again, but no Maurer, wife Mary assured that as soon as he arrived he would call.

— SMVFD —
At 8:45, Maurer called. . . . He said that he had gotten half way to Sierra Madre, heard over the radio that the fire was out, so he turned around and went back home. . . . Zis boom baw. . . . A firefighter should be able to quickly think up a better one than that.

— SMVFD —
Next week, if my luck holds out, I intend to tell you just where Maurer was for that two hours and 25 minutes. . . . Addresses and all. . . . Hold on to your hats.

— SMVFD —
The Tuesday evening call at 4:27 is just another situation, I just can't bring myself to write about it at this time. It will take me a week or two to straighten out the facts; sure don't want to mislead anyone or start them thinking the wrong thing. . . . See you then.

couple of accidents last year, but several years ago we had one young girl killed at Sunnyside and Sierra Madre, and another seriously hurt. Later on the following year we had as many as five school children hit during one school year.

— CT —
We do not intend to imply that this is all your fault, but whosoever's fault it may be, you could save a life and serious injury by just taking it a little easy behind the wheel. It has been proven that the difference between 40 miles an hour and 25 from one end of town to the other could only save you 45 seconds. . . . What's the hurry? Let's do be extremely careful from now on. . . . Thank you for your consideration. I have two girls out there and I want to know they have at least half a chance.

— CT —
Ann Hurwit to Ralph Hurwit: "You think so much of your old golf game, that you don't even remember when we got married." . . . Ralph: "Of course I do, honey, it was the day I sank that 40-foot putt."

— CT —
So help me, this happened a couple of weeks ago. . . . It had been a blistering hot Sunday, and the lady of the house finally had her guests seated around the table for dinner, and as she seated herself at the table, she asked her four-year-old son to ask the blessing.

— CT —
"Oh, Mom, I don't know what to say," he protested, somewhat embarrassed before all the guests. "Well, just say what you have heard me say. . . . remember?" Obediently he bowed his little head and repeated, "Oh Lord, why did I invite these people here on such a hot day like this one?" . . . The answer was sort of slow in coming, but he got it.

— CT —
Well it's time to close up the column for the week, so will do this with a quote and end up with a little advice.

— CT —
"Land of the free and the home of the brave! Land where every babe starts life with his \$1,767 share or more of the Federal debt! Land where boy has a chance to become President, or at least to be drafted! Land where every person is absolutely free to choose his own job and work where he wishes, providing the union will let him do it!"

— CT —
"Land where, if a fellow makes a dollar he can keep it, or spend it. . . . except for the 30 or 40 cents or more the government will take. Hold on, let's start over."

— CT —
It is easy enough to be sarcastic. This country of ours falls short of being perfect; yet where is one we might like better? . . . We have been reckless with our heritage, but we have not yet damaged it beyond recovery."

— CT —
My advice: to all young men deciding on a career is to avoid the business and professions and to go into poverty. That's where the big money is. . . . I think, I think, I think.

Letters To the Editor

Dear Editor:
I am horrified by the fact that the Mayor of Chicago supported the police state programs witnessed by millions of Americans during the Democrat convention last week, and feel that the Mayor should repudiate his actions which have increased the possibility of a police state here in America.

The City of Chicago will long bear the scars of this past week; but, as in most instances, the one man alone should not bear the blame. After all, more men than Mayor Daley supported Hubert Humphrey, and any student of the American political scene knows full well the stands taken by Hubert Humphrey and the ADA which he helped form. Collectivism and welfarism, to be effective in any way, must substitute the state for the individual and eventually become a police state.

If Mayor Daley can be proud of anything that took place during the convention, it is the action of the police force in Chicago. If such a superb job had not been performed by the police in

that city, the "American Viet Cong" might have disrupted that convention and, instead of the police being injured, the delegates might have been routed and the convention closed. Possibly that would not have been such a bad idea, since the best they had to offer was Humphrey, McCarthy and McGovern.

Mayor Daley's Police Department did an outstanding job outside the convention hall in preventing anarchy, while their Mayor was inside supporting the police state, and the press and liberals busied themselves in convincing the American public that the birth of a police state was taking place outside the convention doors.

Americans may be catching on, though. At least in evidence are more bumper strips reading, SUPPORT YOUR LOCAL POLICE AND KEEP THEM INDEPENDENT OF FEDERAL CONTROL.

—Richard E. Woodin.

Sixty-One Years Ago:
September 20, 1907

After a great deal of negotiation and uncertainty as to the outcome, it is now given out with authority that Messrs. "Lucky" Baldwin, Rose and Schriber have reached an agreement whereby together they will build and operate a great racing track at Arcadia. The contract for building the track, grandstand, paddock, stables and all necessary buildings has been let to Mr. A. M. Allen, who built the Ascot, Tanforan, Ingleside and Emeryville tracks. The new course will be known as Santa Anita Park, and it is claimed that it will be one of the finest courses in the country. Through cars and a 25-cent round trip fare from Los Angeles will be given by the Pacific Electric for the races. The work will be pushed so that the track will be ready for opening day by December 1, it is said. One hundred and twenty teams and a large force of men will be put at work immediately.

of the court majority, who have in a number of decisions condoned direct action illegalities by the use of legal quibbles, may now, through the influence of Mr. Fortas as Chief Justice, harden into an open doctrine of the rights of civil disobedience, thus fostering greater disrespect for the law and the violence which accompanies disrespect."

This pamphlet should be closely considered by the Senate Judiciary Committee. If Mr. Ginzburg is right in his analysis, it provides additional reason why the full Senate should insist that the nomination of Abe Fortas be withdrawn by the President.
